From The Directors

Volume 12, Issue 2

Summer 2003

Dear Friends:

HAVE YOU HEARD THE NEWS? Congress Passes Partial Birth Abortion Ban

"The House and Senate have passed the Partial-Birth Abortion Ban Act of 2003 which bans most instances of the abortion procedure known as "partial-birth abortion." On June 4, the House of

Representatives passed HR 760 with a final vote of 282 to 139. The House also rejected a "substitute amendment" that would not have prevented the abortion procedure before viability, which is when most of these abortions are performed.

The law prevents any physician or other individual from deliberately performing a partial-birth abortion, except when necessary to save the life of a mother. Violators of the law's provisions will be subject to a criminal fine or imprisonment. The bill must go through one final procedural step (conference) and will then be signed into law by President Bush in a matter of weeks.

President Bush and Congress should be commended for their commitment to fight the gruesome and inhumane procedure of partial-birth abortion."

Charles and I believe that all abortion procedures take the life of an unborn child. They ALL should be banned! The partial birth procedure ban is a giant step in the right directions. Let us continue to pray that God moves on the heart of "America."

In His Service,

Charles & Barbara Thomas

The African American Spotlight

Pastor Clenard Howard Childress, Jr.

Pastor Childress is a Baptist Pastor from Montclair, New Jersey. He has preached on a wide variety of African American radio stations across America and has presented talks to various local, state and national organizations. His web site www.blackgenocide.org has been visited by tens of thousands.

Called the "Urban Prophet" by many, Pastor Childress's message is an inspiration to the African American Community.

His heart grieves for the loss of life from abortion. And he continually asks why the African American Community is the only minority group that does not vote its values.
